

## **Publication Policy of DAVCC's AMRIJ**

**(DAVCC's Advance Management Research: An International Journal)**

DAVCC's AMRIJ is committed to fostering the meaningful exchange of information to help in creating an environment of research and growth. It is expected that the authors adhere to the highest standards of integrity in research and presentation of results.

**Originality and Plagiarism:** The authors should present their original work only. Reproducing text from other sources without properly citing the source or producing many papers with almost the same content by the same authors is not accepted. Authors should acknowledge the work of others used in their research and cite the sources that have influenced the direction and course of their study. Wherever copyrighted material is used, the authors should be accurate in reproduction and obtain permission from copyright holders, if necessary.

Each manuscript will be checked using the plagiarism checking software before sending it to reviewers. Manuscripts found low on originality will not be considered.

**Reviewing Process:** Simultaneous submissions of the same manuscript to different journals are not accepted. All manuscripts will undergo a double-blind review process. During the process, the editor/reviewer may request additional materials that may include raw data also. Data and other requested materials will be treated confidentially by the review team. Reviewers and Journal Editor will provide comments and critiques in a confidential, constructive, and unbiased manner appropriate to their position of responsibility. The review process may take 4-6 weeks. For more details, please read the Reviewing Policy.

**Authorship:** Authorship should be restricted to the ones who've contributed to the conception, design, execution, or interpretation of the reported study. Manuscripts should include current institutional affiliations of all authors, both academic and corporate.

**Transfer of Copyright:** To publish and disseminate research articles, publishing rights are required. Authors will be provided with a copyright form after the manuscript is accepted for publication. The copyright to the unpublished and original research article should be transferred to DAV Centenary College. By signing this agreement, the authors warrant that the entire work is original and unpublished. The submission will be considered as final only after the filled-in and signed copyright form is received. In case of two or more authors, all the author(s) need to sign the copyright form.

**Acknowledgement:** Proper Acknowledgement of all resources is a must for publication.
